# **NINETEEN DAYS UNDER THE RUINS**

LITTLE CHILD BURROWS OUT AND CAUSES RESCUE OF HIS SISTERS.

MESSINA, January 15.—A thrilling rescue was effected this morning when, after having been for nineteen days under the ruins of their home, three children of Nicol Minissoli, who emigrated to America some time ago, were saved. Francesco Minissoli, a boy aged 9, managed today to crawl out alone burrowing from the ruins and through a hole which seemed too narrow for even a cat to pass through. He was wounded and covered with blood. Once in the open air the child was taken to a hospital, where he was revived and told his story. His two sisters, who had been buried with him, were then rescued by soldiers.

MESSINA, January 15.—Signs of renewed activity, now that conditions are becoming more settled since the earthquake disaster, are noticeable everywhere. Many persons who left the city immediately after the catastrophe are returning, anxious to start life anew. The number of cars transporting fruit, which is one of the leading industries of the city, is increasing, and cabs are being more frequently seen.

Plans are being made for the building of a new town, to be situated on a field a mile distant from the railway station. The type of buildings which will be safest in the event of another earthquake is being discussed. The only building which withstood the earth shocks is that of Dr. Cammerer, which was built on a platform of cement made of hollow bricks, held together by wires.

The American relief from the chartered steamer Bayern is being distributed in Sicily.

## ALEXANDER ON THE MANCHURIA

Henry M. Alexander, of Haiku, Maui, will be a returning passenger by the Manchuria, due to arrive on Friday or Saturday of this week from San Francisco. He is accompanied by his wife. Mr. Alexander went east to consult a specialist for a serious ailment with which he had been for sometime afflicted. In Minnesota he underwent an operation, which, although delicate and risky, was, happily, successful. Recent letters indicate that he is rapidly recovering his former good health. Mrs. Alexander accompanies her husband throughout his travels. Mr. Alexander will return in a week or two to Haiku, where he is one of the larger pioneers in the pineapple business.

# **ARRANGEMENT HARBOR BUOYS**

Lieutenant Commander Moses has issued the following notice regarding the rearrangement of the buoys marking the entrance to Honolulu harbor, the changes being made necessary by the readjustment of the channel lines:

Honolulu, T. H., Jan. 25, 1909.

The following affects the List of Lights, Buoys, and Daymarks, Twelfth Light House Subdistrict, 1906, page 19. HAWAII.

Honolulu Harbor, Oahu Island, January 21, 1909. Temporary Channel Buoy 9, a 2nd-class can, was moved from its former position to a position 250 feet N 122 deg. E. true, N. 111 deg. E. Mag. (ESE) from the new Honolulu Range Front light tower. The buoy as now placed marks the turning point for vessels entering or leaving Honolulu Harbor, and carries a least depth of 34 feet mean low water along a line drawn from the buoy to the dolphin off the southeast corner of quarantine wharf. This position will probably be made permanent and notice issued to that effect.

North tangent Channel Wharf 76 deg. ENE 3-4 E. Mag.; Channel Light No. 8, 180 deg. (South Mag.); Old Front Range Light House 242 deg. (SW. x W, 1-2 W. Mag.).
